### **BEST OF LAND & SEA: NEW EXCURSIONS IN LOS CABOS**

*Unique Adventures Only Available at Land's End*

Los Cabos, Mexico (April 5, 2011) – Located at the tip of the Baja Peninsula, at the very point where the Pacific Ocean meets the Sea of Cortes, Los Cabos is a destination that offers the very best of land and sea. From azure waters brimming with incredible marine life to dramatic desert featuring distinct vegetation and landscapes, Los Cabos has a raw, natural beauty that is unmatched by any other location in Mexico. This unique backdrop lends itself to once-in-a-lifetime adventure that cannot be experienced anywhere else; two new excursions in Los Cabos capitalize on that very quality.

Launched in January, the [Outback & Camel Safari Tour](#) by Cabo Adventures offers travelers a new and unique way to explore the Baja outback, complete with a beachside camel ride along the pristine San Cristobal coastline. Brought to Los Cabos specifically for this new excursion, the camels have been trained by and kept under the watchful eye of Sidi-Amar Taou of the Bedouin tribe of Niger, one of the last Nomadic tribes in existence. Approximately four hours in length, the tour additionally features a walking tour of the desert, where a seasoned guide educates the group on the native vegetation, flora and fauna of Baja Sur. The trip concludes with a traditional Mexican meal, complete with handmade tortillas, mole chicken, salsa and much more along with a tequila tasting.

The Outback & Camel Safari Tour is the newest addition to Cabo Adventures' lineup of exciting activities in Los Cabos; a complete list of tours, and additional information can be found on the Cabo Adventures website, [www.cabo-adventures.com](http://www.cabo-adventures.com).

For the latest underwater excursion, look no further than [Cabo Expeditions](#), now offering a truly transcendent experience for animal lovers and adventure-seekers; swimming with the whale sharks. Whale sharks, known as “Gentle Giants of the Sea,” are the largest fish in the world and this new experience allows travelers to get up close and personal with these magnificent creatures. Lasting a total of eight hours, this amazing new tour includes roundtrip, private transportation from Los Cabos to La Paz Bay, bilingual and certified captains, marine biologists, federally licensed guides and a spotter plane to help find the best place to locate the whale sharks in their feeding grounds.

Each tour allows a maximum of 10 people to ensure an intimate and truly unforgettable experience and currently runs daily from January through June. For more information or to book a tour, please visit [www.caboexpeditions.com.mx](http://www.caboexpeditions.com.mx).

Los Cabos, located at the tip of the 1,000-mile long Baja Peninsula, is home to award-winning hotels and resorts, championship golf courses, rejuvenating spas, world-class sport fishing and much more. With a unique landscape of dramatic desert and white sand beaches, Los Cabos is an exotic escape within easy reach of most U.S. cities.
